

## Terms and Conditions

Reserved Day Passes for Sandspit Amusement Park and Shining Waters Family Fun Park are sold for specific dates and times and must be used on the date / time indicated on the ticket. Guests who wish to change their reservation may do so up to 24 hours in advance by logging into their account at 'store.maritimefun.com' and following the rebooking process there. All reservations are non-refundable.

Any Day passes may be used on any open day. If the weather is unfavourable, it is important to check [www.maritimefun.com](http://www.maritimefun.com) or call our information line to determine if we are open that day. If we are closed on the day due to weather, you may visit any other open day.

Tickets sold for Mariner's Cove Boardwalk attractions and the Cavendish Beach Adventure Zone can be used at any time during the season. All tickets are non-refundable

### **Extreme and Inclement Weather**

**Before the park opens:** We may make the decision not to open on any day if rain, high winds or cool temperatures (or a mixture of these!) are expected to persist for more than a few hours. This decision will be made prior to 9am. In this case, all Reserved Day passes will be contacted and offered a refund or you can rebook for another day. Any Day passes will be honoured on any other open day. If we do decide to open, all passes are valid. In the case of cooler temperatures or rain in the forecast, please check our website or call our information line (1-902-963-3939) before your visit.

**If the park is already open:** In the event we are forced to temporarily close the facility in the middle of the operating day due to extreme weather and that temporary closure persists for more than one hour, the park will close for the day and all guests will be rebooked.

**Privacy**

In compliance with public health restrictions, all guests must provide a name and phone number of one member of their group when making their reservation. If requested, Maritime Fun will provide a list of names and contact information of guests who visited the facility during specific time frames to the public health authorities to aid in contact tracing efforts.

Maritime Fun cannot guarantee that you will not be exposed to COVID-19 during your visit. The Public Health Office advises that older adults and people of any age who have serious underlying medical conditions might be at higher risk for severe illness from COVID-19. Guests should evaluate their own risk in determining whether to attend. If at any time staff determine that a guest does not meet the criteria outlined in this policy, Maritime Fun reserves the right to refuse entry or (if the guest is already in the facility) immediately remove the guest from the facility.
